## Forward

This book began as a labor of love: love of music, love of ASL and the Deaf community, and love for the Lord. This is a work in progress and is constantly evolving. What works for the congregation I serve in will not work in every congregation. This book is not intended to teach ASL signs or grammar. It is assumed that anyone using this as a resource understands the different types of sentence structure with the accompanying NMM's and can apply that knowledge to the gloss provided.

This is intended to be a resource book; a starting place for anyone interpreting congregational hymns. Please use this as it fits your consumers; change what you need in keeping with the hymn context and meaning to best serve those in your congregation. These are NOT intended to be used for choir or any other performance as that requires a different approach.

Through the process, my testimony has grown beyond measure. I truly began to understand why the Lord says a song of the righteous is a prayer. Growing up in the church, I sang these hymns at church, at home, in the car, or wherever I was. Even so, it wasn't until I began to research and pray about them that my love for the hymns grew. As I have studied the lyrics along with the scriptures and the history of each hymn, I am in awe of the wealth of testimony and teaching we hold in our hands with the wondrous gift of music.

I have not done this alone. I have sought guidance from the Deaf members of my ward for ASL accuracy. I have sought guidance from my leaders and my dad in understanding the doctrines expressed in the lyrics. And I have prayed a lot.

If you want to know more about interpreting music, there is a book called *Visual Music: Interpreting Songs in American Sign Language* by Reverend Dr. Raymont L. Anderson. This is a great book and is available at Amazon.

## Introduction

Music is a key piece of Latter-Day-Saint worship; it is part of Sunday worship, conferences for different auxiliaries, and special events. In Doctrine and Covenants 25 we learn of Emma's call to gather a collection of hymns. D&C 25:11-12 reads: "And it shall be given thee, also, to make a selection of sacred hymns, as it shall be given thee, which is pleasing unto me, to be had in my church. For my soul delighteth in the song of the heart; yea, the song of the righteous is a prayer unto me and it shall be answered with a blessing upon their head." D&C 136:28 very simply tell us: "praise the Lord with music".

The scriptures are replete with stories of prayer and the miracles which occur as a result of honest, sincere prayer. I'm sure there are countless personal stories we could tell one another about how prayer has impacted our lives. In the counsel the Lord gave to Emma, we learn that music is also considered a prayer from the Lord's perspective.

In our hymn books is a message from the first presidency. We learn that hymns have different purposes:

1. To invite the spirit of the Lord
2. create a feeling of reverence
3. unify members
4. offer praises to the Lord

Through the messages of the hymns, as individuals we can learn much. Here again, the first presidency has provided some ideas of how this medium can affect us: "Hymns move us to repentance and good works, build testimony and faith, comfort the weary, console the mourning, and inspire us to endure to the end" (Three months, 1985). If music can do all of this, it certainly must be made available to all regardless of language or physical ability to hear or even to vocalize.

Most often interpreters don't fully understand the importance of music in a worship service and therefore miss critical meanings found in the words and the music itself. This is not to say they can't interpret the words they see, because most of the time they can. But music is more than words.

Interpreting music is like interpreting poetry. There are a variety of considerations to be made: tempo, theme, audience, purpose, rhythm. For example, an instrumental

song introduction could be utilized in painting a picture that will draw the audience into the coming words.

### **Tips for signing music**

Last summer, the interpreting class I teach focused on music. We focused on these areas:

- Interpretation for performance
- Interpretation for congregation (the Deaf members will be copy signing)
- Interpretation not for performance or congregational singing

Each of these have different requirements.

### **Interpreting hymns for congregational use, consider the following**

- 1) The scripture(s) the song is based on
- 2) The history of the song (There is a great book called “Our Latter-Day Hymns The Stories and the Messages” which can help with this.)
- 3) Choose signs which are consistent with the meaning and concept of the original text (i.e. “give” can be interpreted as SACRIFICE if the song is talking about “give his life”)
- 4) Use an active voice when choosing signs
- 5) Be true to ASL grammar (i.e. Include signs such as FINISH, WHY? HOW?, use listing when appropriate, loan signs when appropriate)
- 6) Consider the goal. For example, in our ward, the priesthood brethren have been preparing “Come, Come Ye Saints” for Pioneer Day. The conductor’s goal is for this occasion is to be an invitation. I spoke with him about this and asked if we could sit down and he could share with me his vision. He agreed. He and I and one of the Deaf members of our ward are working on this interpretation together.
- 7) Pray and ask the Lord’s guidance. He knows all of His children. What may be appropriate in one ward or with certain members, may not be the best for someone else....and that’s ok.

- 8) Use space!
- 9) Follow the rhythm of the music. “The Spirit of God” is quicker than “Upon the Cross of Calvary”
- 10) Remember this is for worship, not performance. Choose signs that are meaningful and easy for the Deaf members to follow.

### **Interpreting Music for Performance**

This requires research. If you can find information on the inspiration behind the composition, this is helpful. I know that Janice Kapp Perry is always very friendly about sharing the history of her music. The internet is a good place to learn some things. For the hymns, there is a book called *Our Latter-Day Hymns* by Karen Lynn Davidson. This is a good resource as are the scriptures. I have also used *Jesus The Christ* by James Talmage and other doctrinal study books.

Songs may have more than one interpretation depending on the audience. Because of this, don't be afraid to ask the members well in advance, what their thoughts are on songs. Also, when interpreting for primary vs youth vs adult, the song may look different.

Once you have done your due diligence, you may need to make educated assumptions about the meaning based on solid research.

Capture the story of the music/song. Interpret that into ASL (using all the features of ASL needed to accurately tell the story).

The concept “less is more” is important. Use NMM, body language to SHOW the story. If you ever want to see the difference for this, check out the Star Spangled Banner on Youtube. Super Bowl interpretations of the national anthem are a beautiful representation of this concept; they are quite moving.

Play with it until you find what feels right for you that is still true to the message of the song. One sign will not work for every song.

Before you begin your interpretation: listen to the music first (how does it make you feel? Visualize. Pay attention to your body; how does it respond. That is what you want to make sure is clear in your interpretation for the audience to experience too).

## Vocabulary Tips

### Vocabulary Notes

#### Symbols:

- if arrows are in parenthesis, it means to show location. For example: “(←)” means to reference to the Left.
- If arrows are NOT in parenthesis, it means to show movement. For example: “way↑” means to sign WAY moving upward; “connect →” means to begin the sign on the Left and move it to the Right.

#### Parenthesis:

- Sometimes in a song, there will be a word in parenthesis. This can have two different purposes:
  - A sign you can add if you have time
  - A clarification for the interpreter

Words that are in all caps reference the heavens. For example: “HE” means to reference up for God or Jesus Christ. “OBEY” means to sign the word in an upward motion to show obedience to God or Jesus Christ.

Pl: means plural

“Even though the historical circumstances that gave rise to the hymn are not the ones that immediately come to mind, they represent a dramatic chapter in the history of a people devoted to their faith. In 1625, the Netherlands had not yet thrown off the yoke of Spain. Hostilities had ceased, but it would be another two decades before the Protestant Netherlands regained their religious and political independence. The ‘wicked oppressing’ had brought much suffering during the prolonged and bitter wars, but the faithful Protestants knew in their hearts, ‘from the beginning,’ that they would triumph” (Davidson, 1988, pg122).

"Spencer Kinard offered these comments in 'The Spoken Word'

"One of the most frequent words in Christ's vocabulary was a small one-*come*. The gestures which we associate with him echo that same idea. Arms outstretched in welcome, his entire being said, 'Come.' This is not a restricted invitation for the few, for the elect, for those who somehow deserve it, he made it open and for all, no matter how weak or afraid or hesitant.

*Come*. It is without qualifications. Not come when we are perfect. Not come when we have no doubts or smudges, when life is uncontested and we have no problems. Nor is it an invitation to come only when life is at its darkest—only in time of dire need. It is a simple, 'Come now. Come as

Isaiah 58: 6-11

6 Is not this the fast that I have chosen? to loose the bands of wickedness, to undo the heavy burdens, and to let the oppressed go free, and that ye break every yoke?

7 Is it not to deal thy bread to the hungry, and that thou bring the poor that are cast out to thy house? when thou seest the naked, that thou cover him; and that thou hide not thyself from thine own flesh?

8 Then shall thy light break forth as the morning, and thine health shall spring forth speedily: and thy righteousness shall go before thee; the glory of the Lord shall be thy rearward.

9 Then shalt thou call, and the Lord shall answer; thou shalt cry, and he shall say, Here I am. If thou take away from the midst of thee the yoke, the putting forth of the finger, and speaking vanity;

10 And if thou draw out thy soul to the hungry, and satisfy the afflicted soul; then shall thy light rise in obscurity, and thy darkness be as the noonday:

11 And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones: and thou shalt be like a watered garden, and like a spring of water, whose waters fail not.

*“This hymn should call forth special reverence from Latter-Day Saints because in singing it we are singing words the poet imagined as those of the Savior himself. Instead of our petitioning him, he is pleading with us to remember his sacrifice, to be prayerful, and to peaceable and forgiving toward one another.”*

Of our Redeemer, Savior, God.

Acts 3:14-15 But ye denied the Holy One and the Just, and desired a murderer to be granted unto you; And killed the Prince of life, whom God hath raised from the dead; whereof we are witnesses.

This phrase "the Prince of life" only appears here in the Bible. The word literally means "furnishing the first cause". This is used for a founder or originator, and it is a word that carries with it the honor of being the first to pass through or to begin something great. By using this phrase Peter declared that Jesus is the originator, the author of life. But he wasn't just crediting Jesus with the creation of the world. Peter was giving the honor to Jesus of being the first to pass through the front lines of death coming out on the other side as the Victor. (Jones, n.d.)

Text and music: Traditional English carol, ca. 17th century

[Luke 2:8-20](#)

What is the definition of noel? Noel means Christmas or Birth of Christ. It is a term used to express Christ's birth at Christmas time. Like in the Christmas carol, The First Noel, it means the first day of the birth of Christ. It also can be defined as a Christmas song or carol.
